

BECOME A FLAVIA® C500 BREW-MASTER

MAKE COFFEES, TEAS, AND HOT CHOCOLATES...

1

Select a **white nozzle** Freshpack from the merchandiser.

That's what we call the fancy container that holds the Freshpacks.

2

Place your cup on the stand underneath the brewer.

Cup won't fit?
No problem. Simply remove the drip tray by pulling it out from the brewer, and place your cup on the counter.

3

Select your drink category from the options on the screen by pressing the corresponding button.

4

Select your drink size. The brewer door will then automatically open.

5

Insert the Freshpack with the nozzle pointing up. **Close** the door to start brewing.

6

The brewer **screen** will indicate when your drink is ready.

Now just sip and enjoy.

Caution: Your drink is HOT!

OR CRAFT A SPECIALTY DRINK!

1

Specialty drinks require **two Freshpacks**.

That's what makes them special.

Select a Froth and another Freshpack of your choice.

2

Place your cup on the stand underneath the brewer.

Cup won't fit?
No problem. Simply remove the drip tray by pulling it out from the brewer, and place your cup on the counter.

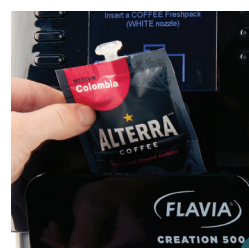

3

Select the Specialties option on the screen by pressing the corresponding button.

4

The door will **automatically open**. Insert a Froth Freshpack with the nozzle pointing up and close the door.

5

After the first Freshpack brews, the door will automatically open. Insert a coffee or chocolate Freshpack with the nozzle pointing up. **Close the door** to continue brewing.

6

The brewer **screen** will indicate when your drink is ready.

Now just sip and enjoy.

Caution: Your drink is HOT!
