PROGRAM AND LEARNING OBJECTIVES

Program Moderator:
Arnold Markowitz, MD, Director
Gastroenterology Fellowship Training Program, Memorial Sloan-Kettering
Cancer Center, New York, NY

8:45am LOG-ON TIME

9:20am **Welcome and Introductory Remarks**

9:30am **“Colon Cancer: Overview of Incidence Patterns, Risk Factors and Prevention”**: Arnold Markowitz, MD

Learning Objectives: Upon completion, participants will be able to:

1. Outline the anatomy of the large intestine;
2. Understand the impact the colon cancer, including its risk of development and death in the United States;
3. Review how colon cancer develops;
4. Describe risk factors, screening tests and surveillance strategies for colon cancer prevention;
5. Recognize potential signs and symptoms of colon cancer;
6. Become knowledgeable about the clinical evaluation and staging of colon cancer;
7. Explain the role, including indications and options for surgery, chemotherapy and radiation therapy in treating colon cancer; and
8. Discuss hereditary factors and syndromes associated with colon cancer.

10:30am **“The Role of Pathology in Colon Cancer Screening and Diagnosis”**: Dr. Efsevia Vakiani, MD

Learning Objectives: Upon completion, participants will be able to:

1. Learn about different types of polyps that a gastroenterologist encounters during a screening colonoscopy and appreciate how precise diagnosis affects clinical care
2. Appreciate the process of accurately staging colorectal cancer resection specimens
3. Understand the importance of assessing tumors for microsatellite instability and familiarize themselves with the methods used by pathologists towards that goal
4. Recognize the role of the molecular pathologist in guiding targeted therapy of colorectal cancer

11:30am **“Colon Cancer Radiation Oncology and Treatment: Invasive vs. Non-Invasive Approach”**: Viktoriya Paroder, MD, PhD

Learning Objectives: Upon completion, participants will be able to:

1. Learn about the imaging modalities used for colorectal cancer diagnosis and treatment and follow-up;
2. Understand basic principles of staging colorectal cancer;
3. Understand how imaging contributes to treatment planning and follow-up;
4. Understand how imaging is used for surveillance; and
5. Learn about the challenges associated with imaging.

12:30pm Lunch Break

1:30pm **“Pharmacological Management of Colon Cancer”**: Sara Kim, PharmD

Learning Objectives: Upon completion, participants will be able to:

1. Review current treatment strategies of colon cancer;
2. Identify actionable molecular biomarkers and describe the integration of targeted therapies into colon cancer management; and
3. Describe notable toxicities associated with conventional and targeted immunotherapy and discuss management strategies.

2:30pm **“Nutritional Management of the Colon Cancer Patient”**: Marissa May, MS, RD

Learning Objectives: Upon completion, participants will be able to:

1. Discuss dietary and lifestyle recommendations for the prevention of colon cancer;
2. Understand the goals of nutrition therapy during cancer treatment; and
3. Specify dietary measures that will help patients manage their disease, as well as the impact of treatment.

3:30pm **“Psychosocial Support in Colon Cancer: Community, Family, and Patient”**: Alison Snow, PhD, LCSW-R, OSW-C

Learning Objectives: Upon completion, participants will be able to:

1. Summarize the psychosocial issues surrounding colon cancer diagnosis, treatment and survivorship;
2. Describe psychosocial interventions for colon cancer patients and evaluate the current science; and
3. Explore resources in the community for psychosocial support.

4:30pm Participants Submit Online Evaluations

PRESENTERS

Arnold Markowitz, MD

Director, Gastroenterology Fellowship Training Program, Memorial Sloan-Kettering Cancer Center, New York, NY.

Efsevia Vakiani, MD

Associate Attending Pathologist, Memorial Sloan-Kettering Cancer Center, New York, NY.

Viktoriya Paroder, MD, PhD

Radiologist, Memorial Sloan-Kettering Cancer Center, New York, NY.

Sara Kim, PharmD

Oncology Clinical Pharmacy Specialist, The Mount Sinai Hospital, New York, NY.

Marissa May, MS, RD

Clinical Dietitian, Sylvester Comprehensive Cancer Center, University of Miami Health System, Miami, FL.

Alison Snow, PhD, LCSW-R, OSW-C

Director, Cancer Supportive Services, Mount Sinai Downtown Cancer Centers; Assistant Professor, Hematology and Medical Oncology and Environmental Medicine & Public Health, Icahn School of Medicine at Mount Sinai, New York, NY.

ACCREDITATION

CASACs

An application has been submitted to the New York State Office of Alcoholism and Substance Abuse Services for six (6) clock hours.

Clinical Laboratory Practitioners

This continuing medical laboratory education activity is recognized by the American Society for Clinical Pathology (ASCP) for six (6) CMLE credits. ASCP CMLE credits are acceptable for the ASCP Board of Registry Certification Maintenance Program.

Dietitians/Dietetic Technicians

An application has been submitted to the Commission for Dietetic Registration (CDR) for six (6) continuing education units.

Imaging Technologists

An application has been submitted to the American Society of Radiologic Technologists (ASRT) for Category A continuing education credits. The American Registry for Diagnostic Medical Sonography (ARDMS) accepts ASRT Category A credits.

LPNs/RNs/Nurse Practitioners

This course is approved by the California Board of Registered Nursing for six (6) continuing education credits.

Medical Records Coders

An application has been submitted to the American Health Information Management Association (AHIMA) for six (6) continuing education credits.

Occupational Therapists/Occupational Therapy Assistants

An application has been submitted to the New York State Occupational Therapy Association, Inc. (NYSOTA) for contact hours (NY licensees only).

Paramedics/EMTs

An application has been submitted to the Regional Emergency Medical Services Council of New York City for EMS CME credits.

Pharmacists and Pharmacy Technicians

The New York State Council of Health-system Pharmacists (NYSCHP) is accredited by the Accreditation Council for Pharmacy Education (ACPE) as a provider of continuing pharmacy education.

Module A (AM): This course, 0134-0000-21-159-L01-P; 0134-0000-21-159-L01-T, is approved for 0.3 CEUs (3 contact hours).

Module B (PM): This course, 0134-0000-21-160-L01-P; 0134-0000-21-160-L01-T, is approved for 0.3 CEUs (3 contact hours).

Statements of Continuing Pharmacy Education Credit are available to participants upon the conclusion of the program through survey links. Participants have 45 days from date of program to claim credits and must verify attendance at the meeting by entering the program CE code.

Physical Therapists/Physical Therapy Assistants

An application has been submitted to the New York Physical Therapy Association (NYPTA) for contact hours (NY licensees only).

Physician Assistants

An application has been submitted to the Physician Assistant Review Panel for AAPA Category 1 CME credits

Respiratory Therapists

An application has been submitted to the American Association for Respiratory Care (AARC) for six and one half (6.5) continuing education credits.

Social Workers

The 1199SEIU League Training and Upgrading Fund SW CPE is recognized by the New York State Education Department's State Board for Social Work as an approved provider of continuing education for licensed social workers under provider #0286. Licensed NYS Social Workers are required to provide a NYS license number to receive a certificate of credit. This course is approved for six (6) continuing education hours.

**All other healthcare professionals: You will receive certificates of attendance.
Please check with your accrediting board with respect to receiving credit for this program.
Email Institute@1199funds.org for accreditation updates.**

COLON CANCER

A Six-Hour Interprofessional Symposium

Sunday, October 10, 2021 | 8:45 am – 4:30 pm (ET)

Registration is online only

1199SEIBenefits.org/institute

- Register from the convenience of your home or office
